

Due Date

This is the date on which your payment is due to the office.

Date Bill Printed

This is the date your bill is printed. It typically mailed to you within 2 business days of printing.

Account Number

This is the 5 digit number associated with this service address.

Meter Reading

These numbers represent the actual, present and previous readings from your water meter. To determine your consumption, shown in the next box, subtract the previous reading from the present reading.

District Message

This is pertinent information from District staff to the customers about upcoming events or helpful tips related to your water or sewer service.

Service Address

This address should match the location being billed for water service. Some customers pay bills for more than one address.

Payment Stub

Please detach and return with your payment. The District offers several bill pay options to help with paying your bill quick and easy. Please visit our website at www.pinerywater.com/payment-options/ for more information.

Balance Forward

This shows the amount of the charges from the last billing period less any payments received. If you paid the amount due your balance forward will be \$0.00.

Water Service Charges

This charge has two components – the base rate and the volumetric rate. The base rate stays the same every month and the volumetric rate rises as you use more and more water. Please visit the District website to see the current Rates and Fees Schedule.

Sewer Service Charges

This charge is a flat fee to all customers regardless of water used in the service period.

Groundwater Protection Fee

This is a flat fee each month to those properties located in the Cherry Creek Alluvium. The District's most precious water supply is in this alluvial system and this fee recoups the extra cost to the District to buffer the alluvium from development. Go to our website for a map of the Groundwater Protection Zone.

Water Project Fee

This is a flat monthly fee that was established by the Board in 2011 to fund current and future renewable water projects to decrease the District's dependence on its non renewable water sources.

Amount Due

This is the sum of total water charges and total sewer charges.

Amount Due after Due Date

This is the Amount Due plus the late payment fee of \$10 plus 1% per month of the past due balance.
