# **BEACON® Advanced Metering Analytics – Clearly Better**

BEACON® Advanced Metering Analytics (AMA) from Badger Meter puts your meter reading data to work to address your demands for actionable intelligence—and improve your water utility operations.

The BEACON® AMA managed solution combines the intuitive BEACON AMA software suite with proven ORION® communication technology —plus fixed and cellular networks —to deliver a simple yet powerful end-to-end solution. Built-in infrastructure management services and flexible system design eliminate maintenance and technology concerns.

Your clear path to better utility management begins today with BEACON AMA.

Better information. Better utility management. Clearly Better.

# **Turn Your Data into Proactive Intelligence**

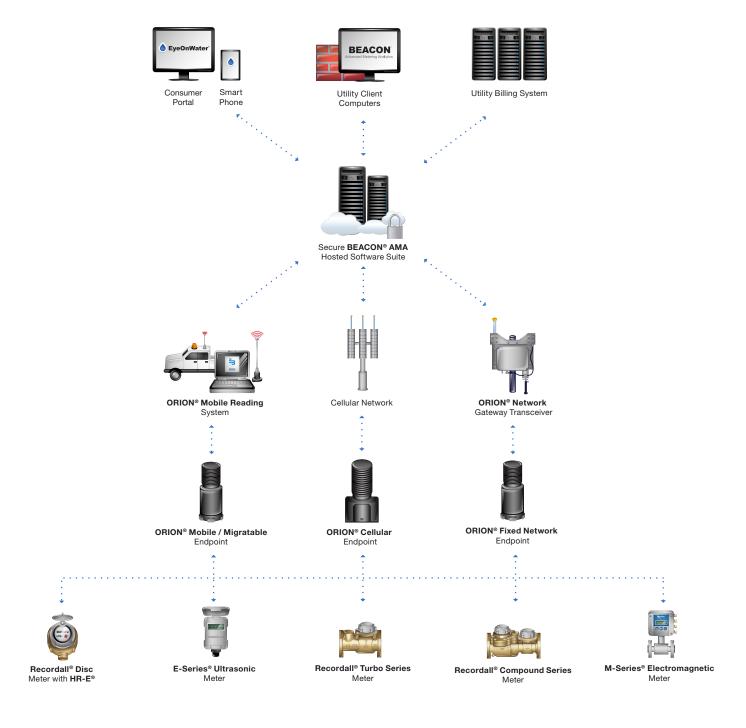

Fast, easy access to powerful information is imperative for utilities. You need it. Your customers expect it. And increasing government regulations demand it.

Built around our robust software suite, BEACON Advanced Metering Analytics will put your meter reading data to work to address your demands for proactive intelligence giving you greater visibility and control over utility management.

# **BEACON® AMA - How It Works**

BEACON® AMA connects your meter reading data to powerful analytics, giving you all of the tools you need to optimize your utility management.

### **The Features You Need**

From customer service to revenue management, you can count on BEACON AMA to offer all of the features you need to transform your data into proactive intelligence for easy descision making.

#### **Features include:**

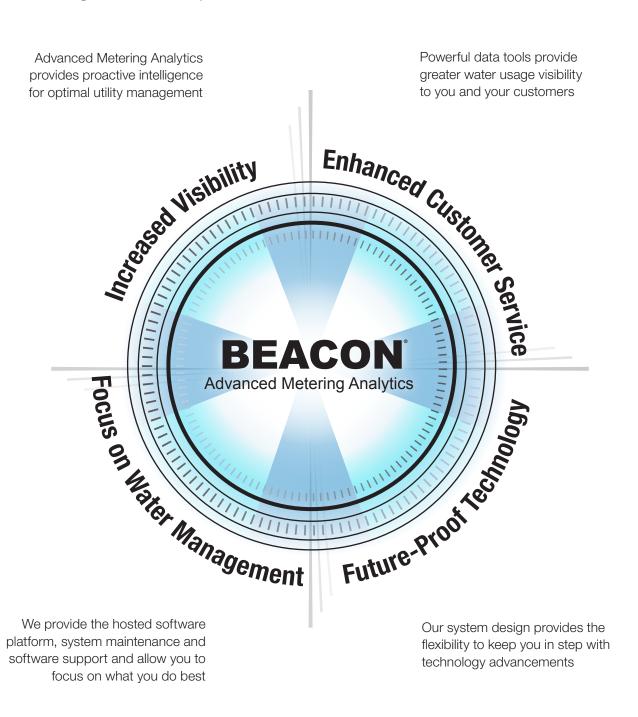

- Customizable dashboards to deliver information in a format matched to your requirements
- Ability to set unique alert conditions to define and monitor exceptions
- Customer service tools, including a consumer engagement website and smart phone/tablet apps, enable access to individual customer information
- Secure, cloud-based ISO 27001 certified and SOC 2 examined for security, availability and confidentiality
- Automatic software updates
- Built-in API's and data exchange modules support data transfer to utility billing, work order, inventory/asset management, Customer Relationship Management (CRM), Geographic Information Systems (GIS), and other legacy utility systems

EyeOnWater® Consumer **Engagement smartphone** and tablet app

### **Clear Information. Clear Benefits.**

From customer service to revenue management, you can count on BEACON AMA to transform your data into actionable intelligence. BEACON AMA provides these valuable benefits:

The BEACON AMA software suite and ORION family of endpoints bring utility-optimizing information to light

Your customers will be able to view and track their water usage with a consumer engagement website and/or smarphone/tablet app

#### **Increased Visibility Through Analytics**

- Customizable dashboards to deliver system-wide information to your desktop or device.
- The ability to set unique alert conditions to define and proactively monitor exceptions.
- Secure, hosted platform—ISO 27001 and SOC 2 certified for data security.
- Automatic software upgrades keep your system up to date without discs or downloads.
- Built-in API's and data exchange modules support data transfer to utility billing, work order, inventory/asset management, Customer Relationship Management (CRM), Geographic Information Systems (GIS), and other legacy utility systems.

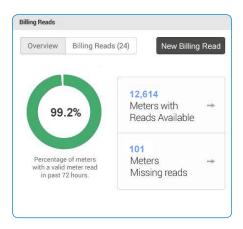

#### **Enhanced Customer Service**

- Consumption graphs with temperature and precipitation overlays provide an easy to understand picture of how water is being used by each customer.
- Consumer engagement website and smartphone/tablet app provide your end water customers with easy access to their usage activity to gain a greater understanding and control of their consumption patterns.

#### **Focus on Water Management**

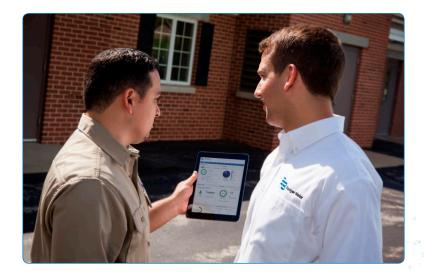

All BEACON AMA solutions include the hosted software platform, system
maintenance, software support, and management information that allow
you to focus your time and resources on managing your water delivery system.

Focus your attention on managing your water delivery system

#### **Future-Proof Technology**

 With a BEACON AMA solution, you receive the hosted BEACON AMA software suite with regular updates and the latest ORION communication technology to future-proof your investment and keep your system in step with changes in technology. Stay in step with changes in technology

## **Customizable Solutions to Fit Your Needs**

Badger Meter offers a choice of managed, traditional fixed network, mobile, and consumer engagement solutions to meet your system management, water meter reading, reporting and outreach needs. Select the solution that is right for your utility:

- Managed Solution: Configured by Badger Meter for your utility, the managed solution provides built-in infrastructure management services and a system design that keeps you in step with technology.
- Traditional Fixed Network Solution: Our traditional point-to-point fixed network system combines smart meter endpoints with fixed network gateway transceiver technology.
- Mobile Solution: A comprehensive end-to-end solution for drive-by or walk-by meter reading, with migratable endpoints that are easily upgraded from mobile to fixed network data collection without rolling a truck or reprogramming the endpoint.
- EyeOnWater® Consumer Engagement: Powered by the hourly reads of a managed solution or fixed network system, web portal and smartphone apps provide utility customers with access to their water consumption data, allowing them to view their usage activity and gain a greater understanding and control of the water they consume.

Managed, Traditional Fixed Network, Mobile, and Consumer **Engagement Solutions** 

# **ORION Endpoints**

The BEACON AMA solutions utilize our time-tested ORION family of endpoints to capture interval meter reading data through cellular, fixed network, or mobile communication technologies.

- ORION Cellular: Designed for maximum flexibility and rapid deployment, our water endpoint eliminates utility-owned infrastructure by utilizing existing cellular networks.
- ORION Fixed Network (SE): This system collects meter readings and enhances operations via a fixed network (AMI) system of gateways and endpoints.
- **ORION Migratable (ME):** This migratable mobile (AMR) system can be easily upgraded to a fixed network (AMI) system to evolve with your needs.

ORION Cellular LTE, Fixed Network (SE) and Migratable (ME) Endpoints

# **Simplicity and Peace of Mind**

When you choose BEACON Advanced Metering Analytics, you are assured all the advantages of a solution backed by Badger Meter—plus a delivery method designed for simplicity and peace of mind.

BEACON AMA is available through a managed service offering built to minimize your costs for deploying and maintaining the system. These savings allow you to focus your time and resources on managing your water delivery system.

With BEACON AMA, you receive the hosted BEACON AMA software suite with regular updates, fixed network and/or cellular endpoints, and long-term support and maintenance. And, with our flexible system design, we help future-proof your technology investment for many years to come.

**BEACON Advanced** Metering Analytics (AMA) brings peace of mind to your utility operations

#### **Your Choice Matters**

Powerful analytics start with accurate, reliable meters. Badger Meter offers a comprehensive water meter product line for residential, commercial and fire service applications. Choose between our NSF-compliant family of Recordall® or E-Series® meters available in many different housing materials including, BiAlloy, engineered polymer or stainless steel.

Your choice in a water metering solution counts—choose from the many Badger Meter offerings to find a solution that meets your specific needs.
