Denver Southeast Suburban Water and Sanitation District  
Douglas County, Colorado

## Independent Auditor's Report

### **Opinion**

We have audited the accompanying financial statements of the business-type activities of Denver Southeast Suburban Water and Sanitation District (the "District"), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of Denver Southeast Suburban Water and Sanitation District as of December 31, 2021, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in them Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

Exercise professional judgment and maintain professional skepticism throughout the audit.

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control—related matters that we identified during the audit.

## **Other Matters**

The management's discussion and analysis information on pages III through IX is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's financial statements as a whole. The supplementary information as listed in the table of contents is presented for the purposes of legal compliance and additional analysis and is not a required part of the financial statements. The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, such information is fairly stated in all material respects in relation to the financial statements as a whole.

The other supplementary information and continuing disclosure annual financial information, as listed in the table of contents, has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

**DENVER SOUTHEAST SUBURBAN WATER AND SANITATION DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
YEARS ENDED DECEMBER 31, 2021 AND 2020**

The management of Denver Southeast Suburban Water and Sanitation District (the District) offers the readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended December 31, 2021.

**District Operations**

The composition of District staff held steady at 22 full-time equivalents (FTE) in 2021. For most of the year, the District had 2-3 open positions, as it was hard to find skilled labor in 2021. The open positions were mostly due to staff retirement.

Growth in the District slowed in 2021 as compared to the previous two years. In 2021, the District sold 161 water and sewer tap to new homes as compared to 288 new taps in 2020. A new development with over 300 production homes completed construction in summer 2019 and the development closed out sales in 2021. The District has budgeted 63 new water and sewer taps for 2022.

The total precipitation and pattern of precipitation in 2021 was again very dry. From September 1, 2021 to December 31, 2021, the District only registered 0.19 inches of precipitation with most (0.17") falling in September. 2021 showed average temperatures and average precipitation throughout most of the year. However, the hotter than average fall coupled with no precipitation strained the entire State's water resources. Total precipitation experienced in the area in 2021 was 15.10 inches, up from only 10.8 inches in 2020, but down from the annual precipitation totals in 2019 (16.2) and down from the local annual average of 19.3 inches.

Customers' water usage in 2021 trailed behind the usage in 2020, especially during spring and summer months when the District received most of the annual precipitation. From September to December 2021, the monthly consumption was higher than the same time last year due to the lack of precipitation in those months in 2021. By the end of 2021, total gallons pumped was approximately 1.092 billion gallons, a 13% decrease to water consumption in 2020, but a 5% increase to water consumption in 2019 (1.038 billion gallons).

The District began a robust program to inspect and rehabilitate all the wells in the District. Four of the District's 18 wells were cleaned and rehabilitated in 2021. The District also started a District-wide retrofit of its meters to a new cellular powered Advanced Metering Analytics platform called Beacon EyeOnWater. This project was set to be completed in 2021, but due to supply-chain bottlenecks, only 30% of the endpoints were installed in 2021. The project continues into 2022.

Repair and replacement capital projects in 2021 included the continued maintenance of the water distribution system to replace valves, curb stops, fire hydrants, air-vac valves and meter pits. The District continued its maintenance program on the sewer collection system to decrease infiltration and prolong the life of its assets by lining approximately 3000 linear feet of interceptor pipelines.

The District completed an update to its Rates and Fees Study in late 2020. That study recommended no increase to the water or wastewater rate generated revenue in 2021. There was no rate increase and the District again paid off one of the four loans from Colorado Water Conservation Board. All four loans with the CWCB have been paid in full.

**DENVER SOUTHEAST SUBURBAN WATER AND SANITATION DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
YEARS ENDED DECEMBER 31, 2021 AND 2020**

**District Operations (Continued)**

The District continued to work on long-term regional water supply projects through its membership in the Cherry Creek Project Water Authority and the South Metro WISE Authority. The South Metro WISE Authority is now delivering WISE water to all 10 of its members through the core and local infrastructure. The WISE Authority has completed construction on its Phase II (ultimate) infrastructure and in the 2022-2023 WISE water year will begin delivering up to 10,000 AC-FT of water each year. The District has rights to receive up to 500 AC-FT of WISE water each year.

The Cherry Creek Project Water Authority began construction of its new raw water storage facility near Franktown, Colorado, the Walker Reservoir. The District will own approximately 47% of the capacity in the new reservoir. The Town of Castle Rock bought out the ownership shares from Arapahoe County Water and Wastewater Authority and is now the largest member (by ownership %). The Pinery holds approximately 20.5% ownership in the Authority and its assets.

**Financial Highlights**

- Net position increased \$9,073,749 while revenues decreased 20.96% and expenses decreased 2.64%.
- Operating revenues decreased 3.98% from the prior year.
- Net operating loss of \$584,555 was an increase of \$280,352 from last year's net operating loss of \$304,203. Excluding depreciation, net operating income was \$3,811,378.
- Operating expenses exclusive of depreciation decreased 7.87% from the prior year.
- Customers on-line for water service at year-end increased by 219 single-family residential equivalent units to 4,867 at year-end.
- Funds available (current assets plus other assets less current liabilities exclusive of the current portion of long-term obligations) increased \$896,413 to \$34,055,094 at December 31, 2021.

**Overview of the Financial Statements**

Management's discussions and analysis is intended to serve as an introduction to the District's basic financial statements. The basic financial statements are comprised of financial statements and notes to financial statements. This report also contains other supplemental information and continuing disclosure annual financial information in addition to the basic financial statements themselves.

The financial statements of the District are presented as a special purpose government engaged only in business type activities – providing water and sewer utility services.

The statement of net position presents information on all of the District's assets and liabilities, with the difference being reported as net position. Over time, increases or decreases in the net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of revenues, expenses, and changes in net position presents information that reflects how the District's net position changed during the past year. All changes in the net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenue and expenses are reported in the statement for some items that will only result in cash flows in future fiscal periods.

**DENVER SOUTHEAST SUBURBAN WATER AND SANITATION DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
YEARS ENDED DECEMBER 31, 2021 AND 2020**

**Overview of the Financial Statements (Continued)**

The statement of cash flows reports the District's cash flows from operating, noncapital financing, capital, and investing activities.

The notes to financial statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

The supplemental information contained in this report provides a schedule of revenues, expenses, and change in net position, budget and actual information, and debt service requirements.

The continuing disclosure annual financial information is information required by the Series 2002A and 2005A bond covenants, including mill levy, assessed valuation and property tax information, annual operating data, historical actual and budget financial statements, statistical information within the area and debt coverage information.

The District's net position increased \$9,073,749 in 2021. Current assets increased \$1,085,373 and capital assets, net of depreciation, increased \$3,369,714.

Operating revenue decreased by \$382,132. Revenue from the sale of tap fees, net of cost recovery payments decreased \$5,334,629. Additionally, water services decreased \$402,136.

Total operating expenses decreased \$101,780 in 2021.

**DENVER SOUTHEAST SUBURBAN WATER AND SANITATION DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
YEARS ENDED DECEMBER 31, 2021 AND 2020**

**Budgetary Highlights**

The District prepares its budget on the modified accrual basis of accounting to recognize the fiscal impact of debt issuance, sale of assets and debt repayments, as well as capital outlay in addition to operations and nonoperating revenue and contributions. This budgetary accounting is required by state statutes. Additionally, the budget includes the separation of the enterprise and general government activities within the District.

Actual revenue of the District was higher than the budgeted revenue by \$2,429,455 due to \$5,459,200 of tap fees being budgeted for, when actual tap fees came in at \$7,189,264. Without this variance, actual revenue was higher than budgeted revenue by \$699,391.

Total actual expenditures of the District were less than the appropriation by \$4,796,796, which includes a positive variance of \$6,951,113 for capital expenditures.

**Capital Assets Activity**

The activity related to capital assets is as follows:

	December 31, 2020	Net Changes	December 31, 2021
Land and Easements	\$ 827,262	\$ -	\$ 827,262
Construction in Process	8,347,889	4,566,403	12,914,292
Water System:			
Water Rights	12,177,082	-	12,177,082
Water Facilities	80,715,639	1,462,672	82,178,311
Bingham Lake and Dam	542,502	-	542,502
Sewer System:			
Sewer Facilities	34,314,352	-	34,314,352
Wastewater Treatment Plant	17,232,961	1,594,090	18,827,051
Buildings	1,864,206	-	1,864,206
Equipment and Vehicles	1,651,446	142,482	1,793,928
Total Capital Assets	<u>157,673,339</u>	<u>7,765,647</u>	<u>165,438,986</u>
Accumulated Depreciation	<u>(52,719,394)</u>	<u>(4,395,933)</u>	<u>(57,115,327)</u>
Net Capital Assets	<u>\$ 104,953,945</u>	<u>\$ 3,369,714</u>	<u>\$ 108,323,659</u>

The 2021 activity relating to capital assets reflects costs incurred by the District relating to the construction of water wells, sewer lines, and replacement of equipment at the wastewater treatment plant.

Additional information on the District's capital assets can be found in Note 4 of this report.

**Long-Term Debt**

All scheduled payments of principal and interest on the District's outstanding debt were paid as required during 2021. Additionally, the 2014 CWCB B loan was paid off in 2021.

Additional detail on the District's debt is in Note 5 of this report.

**DENVER SOUTHEAST SUBURBAN WATER AND SANITATION DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
YEARS ENDED DECEMBER 31, 2021 AND 2020**

**Economic Factors and Next Year's Budgets and Rates**

For 2022, the District has budgeted revenue from water and sewer charges of \$9,547,000, which is \$271,200 higher compared with 2021 budgeted figures. The District has also budgeted \$750,000 of water project fees that are intended to help fund the construction of future water improvement projects. 2022 operating expenses are budgeted at \$5,404,350, which is \$429,112 higher compared with 2021 budget amounts.

The majority of the District's debt is in the form of revenue notes. The revenues pledged to pay this debt include fees for service (water and sewer bills) and fees charged for new development (tap fees). To the extent that one of the revenue sources is less than projected, then revenue from other sources is required to make the debt service payments.

**Request for Information**

This report is designed to provide a general overview of the District's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to:

See accompanying Notes to Basic Financial Statements.

**DENVER SOUTHEAST SUBURBAN WATER AND SANITATION DISTRICT**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021 AND 2020**

**NOTE 1 DEFINITION OF REPORTING ENTITY**

Denver Southeast Suburban Water and Sanitation District (the District), a quasi-municipal corporation and political subdivision of the state of Colorado was organized by order and decree of the District Court for Douglas County on June 21, 1965 and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Section 1, Colorado Revised Statutes). The District's service area is located in Douglas County, Colorado. The District was established to provide water and sanitation services.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens, and fiscal dependency.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The more significant accounting policies of the District are described as follows:

The accounting policies of the District conform to generally accepted accounting principles as applicable to governmental units accounted for as a proprietary enterprise fund. The enterprise fund is used since the District's powers are related to those operated in a manner similar to a private utility system where net income and capital maintenance are appropriate determinations of accountability.

**Basis of Accounting**

The District's records are maintained on the accrual basis of accounting. Revenue is recognized when earned and expenses are recognized when the liability is incurred. Depreciation is computed and recorded as an operating expense. Expenditures for capital assets are shown as increases in assets and redemption of bonds and loans is recorded as a reduction in liabilities. Tap fees and contributed assets from developers are recorded as capital contributions when received.

**DENVER SOUTHEAST SUBURBAN WATER AND SANITATION DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Operating Revenues and Expenses**

The District distinguishes between operating revenues and expenses and nonoperating items in the statements of revenues, expenses and change in net position. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the District's purpose of providing water and sanitation services to its customers. Operating revenues consist of charges to customers for service provided. Operating expenses include the cost of service, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses or capital contributions.

**Budgets**

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures and other financing uses level and lapses at year end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

**Cash Equivalents**

For purposes of the statements of cash flows, the District considers cash deposits and highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

**Property Taxes**

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April 30 or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The unearned property tax revenues are recorded as revenue in the year they are available or collected.

The District filed a zero mill levy certification for collection in 2021.

**Capital Assets**

Capital assets, which include land, water rights, plant and buildings, distribution and collection systems, and machinery and equipment, are reported by the District. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

**DENVER SOUTHEAST SUBURBAN WATER AND SANITATION DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Capital Assets (Continued)**

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable. Depreciation expense has been computed using the straight-line method over the estimated economic useful lives:

Plant and Buildings	30 Years
Distribution and Collection Systems	50 Years
Machinery and Equipment	5 Years

**Tap Fees and Contributed Lines**

Tap fees are recorded as capital contributions when received. Lines contributed to the District by Developers are recorded as capital contributions and additions to the systems at acquisition value when received.

**Cost Recovery Contracts**

The District has cost recovery agreements with developers who have contributed lines to the District. The District is to collect its normal fees from customers requesting to connect to the contributed lines and remit a portion of the collected fees to the developer who contributed the facilities.

**Water Rights**

The cost of water rights includes acquisition cost, legal and engineering costs related to the development and augmentation of those rights. Since the rights have a perpetual life, they are not amortized. All other costs, including costs incurred for the protection of those rights, are expensed.

**Amortization – Original Issue Discount/Premium**

Debt premiums and discounts are amortized over the respective terms of the borrowing using the interest method.

**Compensated Absences**

The District has a policy that allows employees to accumulate unused vacation benefits up to a maximum of twice the annual accrual per employee. Compensated absences are accrued when earned in the financial statements.

**DENVER SOUTHEAST SUBURBAN WATER AND SANITATION DISTRICT**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021 AND 2020**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Board Designations**

The Board of Directors of the District has designated the following amounts of the unrestricted net position for the following purposes:

	<u>2021</u>	<u>2020</u>
Ground Water Protection	\$ 436,054	\$ 406,394
Rate Stabilization Reserve	1,000,000	1,000,000
Well Rehab	<u>341,026</u>	<u>389,501</u>
Total Board-Designated Amounts	<u><u>\$ 1,777,080</u></u>	<u><u>\$ 1,795,895</u></u>

**NOTE 3 CASH AND INVESTMENTS**

Cash and investments as of December 31, 2021 and 2020 are classified in the accompanying financial statements as follows:

	<u>2021</u>	<u>2020</u>
Statement of Net Position:		
Cash and Cash Equivalents	\$ 31,562,793	\$ 30,482,197
Cash and Cash Equivalents - Restricted	<u>3,360,235</u>	<u>3,359,800</u>
Total Cash and Investments	<u><u>\$ 34,923,028</u></u>	<u><u>\$ 33,841,997</u></u>

Cash and cash equivalents as of December 31, 2021 and 2020 consist of the following:

	<u>2021</u>	<u>2020</u>
Deposits with Financial Institutions	\$ 11,540,888	\$ 12,470,759
Cash on Hand	300	300
Investments	<u>23,381,840</u>	<u>21,370,938</u>
Total Cash and Cash Equivalents	<u><u>\$ 34,923,028</u></u>	<u><u>\$ 33,841,997</u></u>

**Deposits with Financial Institutions**

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

**DENVER SOUTHEAST SUBURBAN WATER AND SANITATION DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020**

**NOTE 3 CASH AND INVESTMENTS (CONTINUED)**

**Deposits with Financial Institutions (Continued)**

At December 31, 2021 and 2020 the District had the following deposits with financial institutions:

	2021	2020
Bank Balance:		
Insured Deposits	\$ 250,000	\$ 250,000
Deposits Collateralized in Single Institution Pools	11,388,273	12,401,006
Total Bank Balance	\$ 11,638,273	\$ 12,651,006
Carrying Balance:		
Insured Deposits	\$ 250,000	\$ 250,000
Deposits Collateralized in Single Institution Pools	11,290,888	12,220,759
Total Carrying Balance	\$ 11,540,888	\$ 12,470,759

**Investments**

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (\*) below, which are believed to have minimal credit risk, minimal interest rate risk, and no foreign currency risk. Additionally, the District is not subject to concentration risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the board of directors, such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities, and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- \* Local government investment pools

**DENVER SOUTHEAST SUBURBAN WATER AND SANITATION DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020**

**NOTE 3 CASH AND INVESTMENTS (CONTINUED)**

**Investments (Continued)**

As of December 31, 2021 and 2020, the District had the following investments:

<u>Investment</u>	<u>Maturity</u>	<u>Amount</u>	
		<u>2021</u>	<u>2020</u>
Colorado Surplus Asset Fund Trust (CSAFE)	Weighted-Average Under 60 Days	\$ 5,430,128	\$ 5,428,163
Colorado Liquid Asset Trust (COLOTRUST)	Weighted-Average Under 60 Days	17,951,712	15,942,775
Total		<u>\$ 23,381,840</u>	<u>\$ 21,370,938</u>

**COLOTRUST**

The District invested in the Colorado Local Government Liquid Asset Trust (COLOTRUST), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all state statutes governing COLOTRUST. COLOTRUST operates similarly to a money market fund and each share is equal in value to \$1.00. COLOTRUST offers shares in two portfolios, COLOTRUST PRIME and COLOTRUST PLUS+. Both portfolios may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities. COLOTRUST PLUS+ may also invest in certain obligations of U.S. government agencies, highest rated commercial paper and any security allowed under CRS 24-75-601. A designated custodial bank serves as custodian for the Trust's portfolios pursuant to a custodian agreement. The custodian acts as safekeeping agent for COLOTRUST's investment portfolios and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by COLOTRUST. COLOTRUST is rated AAAM by Standard & Poor's. COLOTRUST records its investments at fair value and the District records its investment in COLOTRUST at net asset value as determined by fair value. There are no unfunded commitments, the redemption frequency is daily, and there is no redemption notice period.

**CSAFE**

The District invested in the Colorado Surplus Asset Fund Trust (CSAFE), which is an investment vehicle established by state statute for local government entities to pool surplus assets. The State Securities Commissioner administers and enforces all state statutes governing CSAFE. CSAFE is similar to a money market fund, with each share valued at \$1.00. CSAFE may invest in U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain money market funds, and highest rated commercial paper. A designated custodial bank serves as custodian for CSAFE's portfolio pursuant to a custodian agreement. The custodian acts as safekeeping agent for CSAFE's investment portfolio and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by CSAFE. CSAFE is rated AAAM by Standard & Poor's. CSAFE records its investments at amortized cost and the District records its investments in CSAFE at net asset value as determined by amortized cost. There are no unfunded commitments, the redemption frequency is daily, and there is no redemption notice period.

**Loan Agreements**

On October 1, 2002, the District entered into a loan agreement with the Colorado Water Resources and Power Development Authority (the Authority) in the amount of \$7,045,000. Principal and interest payments are due semi-annually on February 1 and August 1 in varying amounts through August 1, 2023, with the net effective interest rate of 3.21%. The District has the option to prepay the loan in multiples of \$100,000 plus prepayment costs. The District is required to maintain an operations and maintenance reserve of no more than \$1,250,000 in connection with the loan.

**DENVER SOUTHEAST SUBURBAN WATER AND SANITATION DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020**

**NOTE 5 LONG-TERM OBLIGATIONS (CONTINUED)**

**Loan Agreements (Continued)**

The components of interest expense for this loan for the years ended December 31, 2021 and 2020 are as follows:

	<u>2021</u>	<u>2020</u>
Interest	\$ (7,542)	\$ 4,166
Administrative Fee	57,274	57,274
Total	<u>\$ 49,732</u>	<u>\$ 61,440</u>

On May 25, 2005, the District entered into a loan agreement with the Authority in the amount of \$4,800,000. Principal and interest payments are due semi-annually on February 1 and August 1 in varying amounts through August 1, 2026, with the net effective interest rate of 3.35%. The District has the option to prepay the loan in multiples of \$100,000 plus prepayment costs.

The components of interest expense for this loan for the years ended December 31, 2021 and 2020 are as follows:

	<u>2021</u>	<u>2020</u>
Interest	\$ 13,000	\$ 21,322
Administrative Fee	38,400	38,400
Total	<u>\$ 51,400</u>	<u>\$ 59,722</u>

**Water Enterprise Revenue Refunding Note, Series 2010**, dated December 21, 2010, in the original amount of \$10,335,213 with principal payments due annually on December 1 and interest payments due semi-annually on June 1 and December 1 at 3.95% through December 1, 2030. The note is subject to redemption prior to maturity in any amount at any time on or after December 1, 2012, upon payment of a calculated demand fee, which fee decreases the longer the note remains outstanding. The District is required to maintain a Debt Service Reserve Fund in the amount of \$1,033,521. The note is a limited and special obligation of the District payable from and secured by an irrevocable assignment and pledge of revenue of the Enterprise Fund, net of operation and maintenance costs, plus any monies held in a rate stabilization fund and net future imposed revenues.

On December 15, 2020, the Registered Owner of the note had the option put the note back to the District and receive the entire outstanding principal amount of the note plus accrued interest at the time the put occurs. The Registered Owner chose not to do so, and per the terms of the agreement, the note renewed at the current interest rate until the maturity date.

**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021 AND 2020**

**NOTE 5 LONG-TERM OBLIGATIONS (CONTINUED)**

**Loan Agreements (Continued)**

**Colorado Water Conservation Board Loans, Series 2014**, dated May 22, 2014, in the total amount not to exceed \$9,926,280, was approved for the District's participation cost in the Water Infrastructure Supply and Efficiency (WISE) project. Such loan proceeds will be drawn over the next succeeding years instead of at time of loan closing. The WISE project is a joint project between Denver Water, Aurora Water, and the South Metro Water Supply Authority, and will allow the District to reduce its dependence upon nonrenewable water sources. Pursuant to the four loan contracts, interest and principal payments are due annually on October 15. The effective interest rate is 3.0% for a maturity of 30 years. Information on the four loan contracts follows:

The loan amount for the East Cherry Creek Valley (ECCV) Pipeline Purchase is \$1,845,270. The WISE Authority will purchase an 85% ownership interest in the 15-mile ECCV Western Pipeline, with the remaining 15% ownership to be held by Denver Water. ECCV will retain rights to carrying capacity in the pipeline. During 2019, the loan was paid off.

The loan amount for the Phase 1 Infrastructure is \$6,199,380. The specific project includes a temporary direct connection to Aurora's distribution system to provide short term deliveries and modifications to the ECCV Western Pipeline necessary to make WISE water deliveries. Additional pump stations will be constructed to deliver water to storage in Rueter-Hess Reservoir and convey water to participants located south of Rueter-Hess Reservoir. This loan was paid off in May 2021.

The loan amount for the Phase 2 Infrastructure is \$1,427,130. Components include in this phase include a pump station and pipeline from the Binney Water Purification Facility (BWPF) to the existing ECCV pipeline, replacing the temporary interconnect with the Aurora distribution system and increasing the capacity of the overall system. Water will be pumped generally west to a high point, then west along the Highway E-470/C-470 corridor through the existing ECCV Western Pipeline.

The loan amount for the Denver International Airport (DIA) Connection is \$454,500. This project component, a 24-inch 6-mile pipeline interconnection between Denver Water's treated distribution system near DIA and Aurora's Prairie Waters pipeline, will provide blend water deliveries for the WISE Authority members. Denver Water will own and operate the DIA Connection. This loan was paid off in December 2020.

**Colorado Water Resources and Power Development Authority Loan, Series 2015**

On April 1, 2015, the District entered into a loan agreement with the Colorado Water Resources and Power Development Authority (CWRPDA) for the Drinking Water Revolving Fund in the amount of \$14,250,066, to be drawn in various amounts as needed to fund a new pump station, conversion of a disinfection system from free chlorine to chloramine, as well as several core infrastructures including a water storage tank, water treatment plant and several aging potable water pipelines. Principal and interest payments are due semi-annually in varying amounts through August 1, 2036 with the net effective interest rate 1.57% to 2.87% which is inclusive of servicing fees.

Note: The schedule assumes that all of the 2015 CWRPDA available loan proceeds are drawn.

**DENVER SOUTHEAST SUBURBAN WATER AND SANITATION DISTRICT  
 NOTES TO BASIC FINANCIAL STATEMENTS  
 DECEMBER 31, 2021 AND 2020**

**NOTE 6 NET POSITION**

The District has net position consisting of three components – net investment in capital assets, restricted, and unrestricted.

The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. As of December 31, 2021 and 2020, the District had the following net investment in capital assets, calculated as follows:

	2021	2020
Net Investment in Capital Assets:		
Capital Assets, Net	\$ 108,323,659	\$ 104,953,945
Current Portion of Long-Term Obligations	(1,848,651)	(1,868,353)
Noncurrent Portion of Long-Term Obligations	(16,541,497)	(21,329,417)
Net Investment in Capital Assets	\$ 89,933,511	\$ 81,756,175

The restricted component of net position includes assets that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had a restricted net position of \$3,360,235 and \$3,359,800 as of December 31, 2021 and 2020, respectively, for payment of future debt service requirements, capital improvements and emergency reserves as required by Article X, Section 20 of the Constitution of the state of Colorado.

**NOTE 7 EMPLOYEE BENEFIT PLAN**

**Deferred Compensation Plan**

The District maintains a deferred compensation plan created in accordance with Internal Revenue Code Section 457. This plan is administered by Standard Insurance Company, a subsidiary of StanCorp Financial Group, Inc. The plan allows the employee to defer a portion of their salary until future years. The District will contribute up to a maximum of 8% of the employee’s annual salary provided the employee contributes up to 8% of their salary. The assets held are not material to the statement of net position. There is no liability for benefits under the plan beyond the District’s payments. Plan provisions and contribution requirements are established and may be amended by the District’s Board of Directors.

**DENVER SOUTHEAST SUBURBAN WATER AND SANITATION DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020**

**NOTE 8 AGREEMENTS**

**Intergovernmental Agreement – Pinery West**

On October 30, 2002, the District entered into an agreement with Pinery West Metropolitan District No. 1 (Pinery West), whereby the developer will construct certain infrastructure improvements and subsequently convey the improvements to Pinery West, who in turn conveyed the improvements to the District. The cost of certain improvements are eligible for reimbursement to the developer through a portion of the tap fees collected from the property owners, but shall not exceed the actual costs without interest, of such improvements. Pinery West subsequently assigned its reimbursement rights to the developer. The amount to be allocated from tap fees towards such reimbursable items is \$7,584 per tap. The District remitted \$75,840 and \$68,256, respectively, for 10 and 9 tap fees, respectively, collected during 2021 and 2020 related to this agreement.

During 2007, and with the infrastructure improvements completed, the District performed an analysis of the actual costs incurred. Based upon the analysis, the District will make a reimbursement of \$7,584 per tap for a total of 825 taps or \$6,256,800. From 2002 through 2021, the District reimbursed \$5,786,592 for 763 taps; therefore, remaining future reimbursement is \$470,208 for 62 taps.

The District also agreed to collect an additional fee from property owners in the amount of \$800 per dwelling unit, the proceeds of which will be used to reimburse the developer the cost of constructing a golf course well. During 2021 and 2020 the District collected 10 and 9 taps, respectively.

**Intergovernmental Agreement – Town of Castle Rock**

On August 11, 2004, the District amended and restated, in its entirety, the original agreement by and between the District and the Town of Castle Rock (the Town). The Town shall construct (or cause others to construct), at no cost to the District, the interceptor required to connect the point of individual discharge within the Town limits to the southern-most point on the "Pinery West Line." The Town shall own and maintain that portion of the Town Interceptor between the points of individual discharge and the Flow Metering Station. The District shall own and maintain all lines and appurtenances from and including the Flow Metering Station to the Plant. During 2007, the Flow Metering Station was contributed to the District at a value of \$163,000. The District agrees to treat up to 0.29 million gallons per day average annual flow of wastewater discharged from the Town's sanitary sewer system exclusively from the Liberty Village Service Area. A flow metering station (FMS) to measure the wastewater flows from the Liberty Village Service Area shall be installed by the Town, at the Town's expense, in conjunction with the Town's construction and connection of the Town Interceptor.

**DENVER SOUTHEAST SUBURBAN WATER AND SANITATION DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020**

**NOTE 8 AGREEMENTS (CONTINUED)**

**Intergovernmental Agreement – Town of Castle Rock (Continued)**

On or before the 10<sup>th</sup> day of each month, the Town shall forward to the District a list of residential tap connections made in the Liberty Village Service Area for the preceding month. For each residential sewer tap that is not utilized within ten (10) years of the first tap connection made within the Liberty Village Service Area pursuant to the Agreement, beginning January 1<sup>st</sup> of the eleventh (11) year, a monthly fee-in-lieu of service charge shall be assessed in an amount equivalent to 50% of what would have been assessed as the monthly service charge, had the sewer tap been connected. Such monthly fee-in-lieu of service charge shall be assessed upon 1,245 single family residential sewer taps less the number of such taps then in service for which a monthly service charge is paid to the District as provided below.

Each tap shall continue to be charged such fee until one of the following occurs: 1) such tap is placed in service and a monthly service charge is paid to the District, or 2) all right, title and interest to such tap is transferred to the District, free and clear of liens and encumbrances which transfer the District shall accept, provided, however, that the District shall not be required to accept transfer of more than 150 single family residential sewer taps without the express consent of the District. The District will impose and collect user charges for the services provided by the District under the Agreement (the Service Charges). The Service Charges shall be based upon the wastewater flows measured at the FMS, applying the current schedule of rates set forth by the District. As of December 31, 2021, 1,181 taps have been issued.

**Intergovernmental Agreement – Canyons**

On December 23, 2004, the District entered into an agreement with the Mississippi Partnership (the Canyons Developer) in connection with the property known as “The Canyons.” This agreement has the ability to be assigned to any successor developers and sub-developers as well as to the metropolitan districts, Crowfoot Valley Metropolitan Districts No. 1 and No. 2, or to any other special district empowered to provide sanitary sewer services to the property. The agreement was later assigned to Canyons South LLC. The Canyons Developer shall construct, at no cost to the District, the interceptor line required to connect the points of individual sewage discharge within the property to a point of connection with the District’s sewer system.

The parties acknowledge and agree that the property located immediately to the east and north of the property is to be served with sanitary sewer services by the District through an agreement by and between the District and Pinery West Metropolitan District No. 1 (Pinery West). Based upon the anticipated construction by the Canyons Developer, the District shall sell and the Canyons Developer has agreed to purchase 968 single-family equivalent units of wastewater treatment capacity.

As payment for such, the developer agreed to pay the principal amount of \$3,100,000 payable as follows: \$310,000 on or before December 20, 2004, which was deposited in January 2005, with the remaining amount repaid annually each June 1 starting in 2005 through 2024, with an annual interest rate of 4%. The agreement was secured by an irrevocable letter of credit in the original amount of \$2,765,000. During 2009, the payment date was changed to December 1, per an amendment of the agreement.

**DENVER SOUTHEAST SUBURBAN WATER AND SANITATION DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020**

**NOTE 8 AGREEMENTS (CONTINUED)**

**Intergovernmental Agreement – Canyons (Continued)**

The District agrees to treat up to 0.24 million gallons per day (mgd) average annual flow of wastewater, but not more than 0.27 mgd monthly average flow of wastewater discharged from the Canyons Developer's sanitary sewer system from the property.

The District agrees to furnish wastewater treatment capacity for wastewater facilities associated with the golf course to be located on the property. The Canyons Developer shall pay to the District such tap fees and any other fees and charges imposed by the District at such time as the golf course wastewater facilities are installed. The taps may not be used or assigned for any service outside of the property. The District shall have the exclusive obligation to maintain or develop sufficient treatment capacity to enable it to honor the taps. The District may, with consent of the Canyons Developer, repurchase any taps which are not utilized within 10 years of the date of issuance at the original amount paid for the taps; provided however, that at the tenth anniversary date of the issuance of the first certificate, 500 taps have been utilized, the District's option to repurchase the taps shall not become effective unless such taps are not utilized 15 years after the date of their issuance.

In 2009, the agreement was amended to include monthly service charges for sewer usage which charges are the sole responsibility of the Canyons Developer. Additionally, for unutilized taps that are not physically connected to the District's service lines within three years after the date of issuance, a monthly fee-in-lieu of service charge shall be assessed in an amount equivalent to 50% of what would have been assessed as a service charge if the tap had been connected to the District. The deferred charges shall accrue interest from the date on which such charges would have become due at a rate of 4%.

On November 16, 2016, the District entered into the second amendment to this agreement with the Canyons Developer. Pursuant to the second amendment, the Canyons Developer has paid \$1,674,781 for the purchase of the remaining 507 taps in November 2016. These taps shall be deemed as unutilized taps until physical connect is made to the District's service lines. Furthermore, the total amount due as of December 1, 2016 for service charges and accrued interest of \$315,231 is deferred until the earlier of December 1, 2019 (Due Date) or such time as the construction of the interceptor. If this \$315,231 amount is not paid on or before the Due Date, interest shall accrue and compound at 8% per annum on any unpaid balance. On December 20, 2019, the District received payment in the amount of \$315,231.

To the extent, fully paid taps are issued for utilization during the course of development, such taps will be deducted on a first in first out basis from the total 968 taps allocated to the Canyons Developer and will be deducted from the total of unutilized taps on the first day of the next month. In addition, the District shall make monthly inquiry to the Town of Castle Rock for a list of addresses at which water taps were issued within the preceding 30 days.

On July 19, 2017, the District entered into the third amendment to this agreement with the Canyons Developer which was satisfied as of December 31, 2017. Pursuant to the third amendment, the Canyons Developer paid \$122,417 in December 2017, for monthly service charge of unutilized taps using the current year's wholesale wastewater service rate as published by the District.

**DENVER SOUTHEAST SUBURBAN WATER AND SANITATION DISTRICT  
 NOTES TO BASIC FINANCIAL STATEMENTS  
 DECEMBER 31, 2021 AND 2020**

**NOTE 8 AGREEMENTS (CONTINUED)**

**Intergovernmental Agreement – Canyons (Continued)**

Effective January 1, 2017, service charges for all unutilized taps as set forth on the schedule below, shall be billed monthly by the District. If said accrued service fees are not paid timely, interest shall accrue and compound at 8% per annum on any unpaid balance. For purposes of such billing and computation, the minimum number of unutilized taps as of January 1st of each year is agreed to be as follows:

<u>As of January 1,</u>	<u>Amount</u>
2022	461
2023	461
2024	461
2025	461
2026	461
2027	461
2028	968
2029	968
2030 and Thereafter	968 or Such Lesser Amount Calculated as Described Above, Until Taps Fully Utilized

In addition to the payment indicated above, the Canyons Developer agreed to purchase five (5) additional single family equivalent sewer taps, totaling \$33,800. The payment was received by the District in November 2016.

**Intergovernmental Agreement – Colorado Golf**

On September 13, 2006, the District entered into an agreement with Colorado Golf Club LLC, (the Colorado Golf Developer) in connection with a development known as the “Colorado Golf.” Pursuant to the agreement, the Colorado Golf Developer will convey water rights, easements for well sites and water tank easement with an option to purchase.

The District also agreed to collect an additional fee from property owners in the amount of \$800 per dwelling unit, the proceeds of which will be used to reimburse the Colorado Golf Developer up to \$350,000 for the cost of constructing the golf course. From 2006 through 2021, the District reimbursed \$101,600 for 127 taps; therefore, remaining future reimbursement is \$248,400 for 311 taps. During 2021 and 2020 the District collected 15 and 14 taps, respectively, and paid \$12,000 and \$11,200 in 2021 and 2020, respectively.

**DENVER SOUTHEAST SUBURBAN WATER AND SANITATION DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020**

**NOTE 8 AGREEMENTS (CONTINUED)**

**Developer Service Agreement – Stone Creek Ranch**

On August 17, 2016, the District entered into an agreement with Choke Cherry Investors, LLC (the Stone Creek Ranch Developer) in connection with a development known as the “Stone Creek Ranch” (the Property). Pursuant to the agreement, the Stone Creek Ranch Developer intends to develop a residential community and has requested approval for 335 SFEs on the Property (to serve 329 new residential units, 2 existing residential units and a community center). The Stone Creek Ranch Developer has also requested an amount of water, not to exceed 100-acre feet annually, for common area irrigation. The District shall provide water service to the Property through central collection and distribution system of the District, with sewage collection, treatment, and disposal to be provided through the District’s central wastewater systems.

The Parties acknowledge that the Stone Creek Ranch Developer shall convey all water and water rights, interests in land, and well site easements and pipeline easements related to the Property to the District. In addition, the Stone Creek Ranch Developer shall grant to the District such additional perpetual nonexclusive easements as required by the District for the construction, operation, use, maintenance, replacement and/or removal of well facilities, water lines, water mains, sewer mains, sewer lines and related facilities and appurtenances.

Furthermore, all facilities required in order to provide water and sewer services to the Property must be paid for by the Stone Creek Ranch Developer and dedicated to the District. All water lines extending from a water meter pit to a residence, building or other structure being furnished with water service, and all sanitary sewer lines extending from a public sewer main to a residence, building or other source of sanitary wastes, shall be collectively referred to as “Service Lines.” Such Service Lines are typically installed by the builder(s) and remain the property and responsibility of such owner(s) and shall not be dedicated to, accepted, owned or maintained by the District.

The Parties also acknowledge that the District will pay for the cost of upsizing of waterline in Interlocken Street from 12” to 16”. In addition, the District will pay for the increased cost to the Stone Creek Ranch Developer for the installation of fiber optic in Interlocken Street and Scott Road. According to the District’s rules and regulations, which shall apply to the Property – (1) no person may use water supplied by the District without first obtaining a certificate of occupancy, building permit or the written permission of the District to do so; (2) all water provided by the District shall be used only for “domestic purposes”; and (3) no water well may be drilled on the Property except by the District or with the written consent of the District.

**Intergovernmental Agreement – Cielo**

The District, Parker Water and Sanitation District (PWSD) and Cielo Metropolitan District (CMD) entered into an intergovernmental agreement on August 15, 2018. Pursuant to the agreement, the District desires to acquire dedicated capacity in a PWSD water pipeline through property located in the boundaries of CMD (Cielo Service Area) and PWSD and CMD desire to obtain wastewater treatment services from the District.

**DENVER SOUTHEAST SUBURBAN WATER AND SANITATION DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020**

**NOTE 8 AGREEMENTS (CONTINUED)**

**Intergovernmental Agreement – Cielo (Continued)**

According to the agreement, CMD shall design and construct the 16” diameter water pipeline extending from a point of connection with PWSD’s existing pipeline located at a point near Stroh Road to a location adjacent to the District’s Chapman Pump Station. The water pipeline shall be constructed within the existing easements obtained by PWSD located in the CMD boundaries. The District shall reimburse CMD for the difference in costs of oversizing the water pipeline from a 12” to a 16” diameter pipeline. The water pipeline shall be completed by CMD and be operational by a certain date defined in the final agreement.

Upon completion, the water pipeline shall be dedicated to PWSD for operation and maintenance and the PWSD shall grant to the District an irrevocable perpetual license coupled with the interest to use. CMD’s obligation to perform all obligations outlined in the agreement shall be secured by the deposit of funds in an amount equal to 120% of an engineer’s estimate of the construction cost of the water pipeline, payable to the District (the Deposit). In the event CMD does not commence construction of the water pipeline by the set date, the District may take over the construction and withdraw amounts from the Deposit to complete the construction of the water pipeline.

The District shall sell to PWSD 343 SFE units of wastewater treatment capacity. PWSD shall pay the District the total amount of \$1,085,242 – (a) 20% (\$217,048) shall be payable prior to the issuance of the first building permit in the Cielo Service Area, but not later than January 5, 2019, whichever occurs first; and (b) 20% (\$217,048) shall be payable each successive calendar year, on the anniversary of the initial payment, until the total amount has been paid. If, on any annual anniversary of the initial payment an amount derived by multiplying the total number of SFE’s being served by the District within the Cielo Service Area by \$3,164 has not been paid by PWSD to the District, an amount equal to any deficiency shall be paid to the District together with the installment payment due on said anniversary date.

On or before the 10<sup>th</sup> day of each month, PWSD shall forward to the District a list of residential tap connections made in the Cielo Service Area for the preceding month, including information regarding the location of each tap. The District will impose and collect user charges for the services provided by the District. The District shall bill the service charges to PWSD monthly. Payment is due 30 days from the invoice date; otherwise, interest on the unpaid amount shall be assessed at a monthly rate of 1% per month. For each SFE issued that is not utilized on or after January 5, 2023, a monthly fee-in-lieu of service charge shall be assessed and payable in an amount equivalent to 50% of what would have been assessed as the monthly service charge had said SFE been connected.

**Intergovernmental Agreement – Wheeling and Capacity Allocation**

The District and Parker Water and Sanitation District (PWSD) entered into an intergovernmental agreement on May 10, 2018, to outline how the two entities will share the costs of capacity, maintenance, repair, replacement, and operation of the Ridgeway Pipeline and the portions of the PWSD’s existing water infrastructure that will be used by the District.

**DENVER SOUTHEAST SUBURBAN WATER AND SANITATION DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020**

**NOTE 8 AGREEMENTS (CONTINUED)**

**Intergovernmental Agreement – Wheeling and Capacity Allocation (Continued)**

Pursuant to the agreement, PWSD will transport the District's WISE water through the local WISE infrastructure and PWSD's existing infrastructure. The District has already paid the capital cost for 1.5 million gallons per day (mgd) of capacity in the Ridgeway Pipeline. The District also paid \$828,151 to PWSD to secure 1.0 mgd of uninterrupted and permanent capacity in PWSD's existing infrastructure. Furthermore, PWSD will operate and maintain all of the infrastructure segments in good working order and cover the cost of all future capital replacement. PWSD will charge a "wheeling" rate of \$0.98 per 1,000 gallons (up to 1 million gallons per day) for the volume of water delivered to the District and make available additional capacity if necessary to transport the District's water at flow rates above 1.0 mgd for \$1.66 per 1,000 gallons.

**NOTE 9 WATER PROJECT FEE**

On January 12, 2011, the Board of Directors of the District established a water project fee to fund necessary water supply projects within the District. The water supply projects anticipated to be funded by the water project fee include, but are not limited to, additional Denver Basin wells to offset the declining production in the Denver Basin aquifers, investment and development of renewable water supply projects, and other water supply projects as approved by the board of directors. The fee was effective March 1, 2011 and will continue until further resolution of the Board of Directors. During 2021 and 2020, the District collected \$759,796 and \$728,848 of water project fees, respectively.

**NOTE 10 AUTHORITY PARTICIPATION**

The District is a member of the Cherry Creek Project Water Authority and the South Metro Water Supply Authority. Capital projects of the respective authorities are documented via project participation agreements. Operating contributions to these organizations were \$62,926 in 2021 and \$51,955 in 2020.

On March 13, 2013, the District entered into the South Metro WISE (Water, Infrastructure, and Supply Efficiency) Authority Formation and Organizational Intergovernmental Agreement. This agreement commits the District to participate in the WISE Partnership through the South Metro WISE Authority. The agreement also defines how costs will be shared between participating members. The District has committed to subscribing to an average of 500 acre feet (AF) of a projected average total of 7,225 AF of renewable water to be delivered annually from the WISE Partnership. The South Metro WISE Authority was formed July 10, 2013. The Authority's members are 10 local governments located in the southern Denver metropolitan areas of south-central Arapahoe and northern Douglas Counties. The Water Delivery Agreement is the overarching agreement that defines the terms under which Denver and Aurora will deliver water to the South Metro WISE Authority members.

**DENVER SOUTHEAST SUBURBAN WATER AND SANITATION DISTRICT**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2021 AND 2020**

**NOTE 10 AUTHORITY PARTICIPATION (CONTINUED)**

There are engineering design and construction contracts that have been entered into by WISE in order to begin taking deliveries of water in 2018. It is currently anticipated that the District will be responsible for approximately \$2,000,000 of the capital costs to transport water, in addition to an annual water purchase cost of approximately \$917,000 for 500 acre-feet of water. Additionally, there will be WISE operations, maintenance, and capital costs. The variable pumping costs and the District's share of operating and maintenance costs will be billed based upon the volume of water received by the District.

**NOTE 11 RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (the Pool) as of December 31, 2021. The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery, and workers' compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property, public officials' liability, and workers' compensation coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

**NOTE 12 TAX, SPENDING, AND DEBT LIMITATIONS**

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations which apply to the state of Colorado and all local governments.

Enterprises, defined as government-owned businesses authorized to issue revenue bonds and receiving less than 10% of annual revenue in grants from all state and local governments combined, are excluded from the provisions of TABOR. The District's management believes a significant portion of its operations qualifies for this exclusion.

**DENVER SOUTHEAST SUBURBAN WATER AND SANITATION DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
DECEMBER 31, 2021 AND 2020**

**NOTE 12 TAX, SPENDING, AND DEBT LIMITATIONS (CONTINUED)**

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits and qualifications as an Enterprise will require judicial interpretation.
